If you're ready to take the next step with KABAO Consulting, we'd be happy to discuss how we can support your business.

Feel free to contact us to explore how our expertise can drive your success.

Strategy

Solution	Description
Data analysis	Recognize the power data can bring to your business. Starting from the simplest patterns we can help you extract valuable information for internal performance assessments and customer interactions to gain a competitive advantage over your competitors.
Sustainability	Reporting around sustainable business practices is becoming increasingly important in the modern business environment. We help businesses evaluate, integrate and report their sustainability objectives based on globally accepted GRI standards.
AI Solutions & Integration	AI is bound to revolutionize how we conduct and operate our businesses. Which AI assistant is the most accurate or secure for your business? We work closely with you to identify the best AI solutions tailored to your specific needs so you can empower your employees and business through innovation.

Controlling

Solution	Description
Project Management	Projects are an essential part of companies who want to rise and stay competitive. Costs, duration and potential profits should all be rigorously examined before undertaking a project to ensure your investment is safe. We provide a comprehensive risk analysis for you project by examining and simulating a wide range of potential scenarios showing you most likely outcomes.
Process automation / optimization	We provide simple and clever automation solutions based on Microsoft Power Automate to increase efficiency and reduce waste in all aspects of your business. For example, through dynamic emailing and innovative daily workflows.
Spreadsheet modelling	We specialize in building custom Microsoft Excel spreadsheet models that enhance decision-making and improve business efficiency. Whether you need financial forecasting, data analysis, or resource planning, we design clear and flexible models tailored to your needs. Our expertise ensures accuracy, usability, and valuable insights to support your strategic goals

Marketing

Solution	Description
Video editing/shooting	We provide professional video shooting and editing services to help businesses create compelling visual content. From concept to final cut, we ensure high-quality production that aligns with your brand and engages your audience. Whether it's promotional videos, corporate interviews, or event coverage, we bring your vision to life with precision and creativity
Digital media/ content management	We help businesses navigate the digital landscape with expert digital media strategies and content creation for platforms like Instagram, Facebook and YouTube. From social media management to multimedia production, we craft engaging and impactful digital experiences tailored to your brand. Our goal is to enhance your online presence, drive engagement, and deliver measurable results
